SCImago Team

Dear Vu Khanh Quy,
Thank you for contacting us.
As you probably already know, SJR is a portal with scientometric indicators of journals indexed in Scopus. All the data have been provided by Scopus /Elsevier in the last update which is made in April/May each year. It seems that this journal was recently indexed in Scopus and we need to have the data of at least three years to have the complete Citation Window of Scopus in order to calculate the scientometric indicators.
We remain at your disposal for any further information,
Best Regards,
SCImago Team
