Hi  
Can you provide the Journal website?

reply

D **dania** 8 months ago

Did you get the magazine link and if so could you give it to me please?

Dear Hayat, thank you for contacting us. We will proceed to update the journal's website information as soon as possible. Greetings from Spain and thank you for using the SCImago products, SCImago Team

Is the Journal is classified as a Clarivate (Web of Science)?? is it a part of Web of Science??

reply

**Melanie Ortiz** 2 years ago

SCImago Team

Dear Ali,  
Thank you for contacting us.  
SJR is a portal with scientometric indicators of journals indexed in Elsevier/Scopus. Unfortunately, we cannot help you with your request referring to the index status. We suggest you consult the mentioned database for further information.  
Best Regards, SCImago Team

The primitive name of the journal is "International Journal of Online Engineering", ISSN: 18681646, 18612121, Publisher: Kassel University Press GmbH. It was ranked Q3 in 2019 with SJR 2019=0.16.

In 2019, it was renamed "International Journal of Online and Biomedical Engineering", ISSN: 26268493.

From 2019 up to now, it has not been rated yet although before the renaming it was ranked. Can you tell me when it continues to rank?

reply

SCImago Team

Dear V.-K.Quy,  
Thank you for contacting us. Our data come from Scopus, they annually send us an update of the data. This update is sent to us around April / May every year. The SJR for 2019 was released on 11 June 2020. Therefore, the indicators for 2020 will be available in June 2021.  
Best Regards, SCImago Team

**Vu Khanh Quy** 2 years ago

How much is this journal ranked? Q1,2,3 or Q4?

reply

**Melanie Ortiz** 2 years ago

SCImago Team

Dear Vu Khanh Quy,

Thank you for contacting us.

As you probably already know, SJR is a portal with scientometric indicators of journals indexed in Scopus. All the data have been provided by Scopus /Elsevier in the last update which is made in April/May each year. It seems that this journal was recently indexed in Scopus and we need to have the data of at least three years to have the complete Citation Window of Scopus in order to calculate the scientometric indicators.

We remain at your disposal for any further information,

Best Regards,

SCImago Team
