Dear Prof. LOMI,

Your manuscript entitled "A Balanced Operation of Static VAR Compensator for Voltage Stability Improvement and Harmonic Minimization" has been successfully submitted online and is presently being given full consideration for publication in International Journal of Emerging Electric Power Systems (IJEPS).

Your manuscript ID is IJEPS.2017.0145.

Please mention the above manuscript ID in all future correspondence or when calling the office for questions. If there are any changes in your affiliation, street address or e-mail address, please log in to ScholarOne Manuscripts at <https://mc.manuscriptcentral.com/dgijeeps> and edit your user information as appropriate.

You can also view the status of your manuscript at any time by checking your Author Center after logging in to <https://mc.manuscriptcentral.com/dgijeeps>.

Thank you for submitting your manuscript to IJEPS.

Kind regards,
Prof. Tarlochan Sidhu

Dear Prof. LOMI:

I would like to thank you for submitting your manuscript entitled "A Balanced Operation of Static VAR Compensator for Voltage Stability Improvement and Harmonic Minimization" to International Journal of Emerging Electric Power Systems (IJEPS). Your manuscript has been reviewed, and it is a pleasure to accept it for publication in IJEPS. The comments of the reviewer(s) are included at the bottom of this letter.

The IJEPS production office will contact you for proofreading in the near future. Your article will be published ahead of print as soon as possible, and in the printed edition at a later time.

Thank you for your fine contribution. On behalf of the Editors of International Journal of Emerging Electric Power Systems we look forward to your continued contributions to the Journal.

Kind regards
Prof. Tarlochan Sidhu
Editor in Chief, International Journal of Emerging Electric Power Systems

Reviewer(s)' Comments to Author:

Reviewer: 1

Comments to the Author
Good work.

Reviewer: 2

Comments to the Author
This is a well-written paper. The authors are suggested to clear up critical figures, especially those indicating test results. It would also be interesting to compare and analyze the results with those presented by alternate competing methodologies. Thank you.**Date Sent:** 29-Jan-2018 Close Window
